

Dear Students, Parents, and Well-wishers,

As we reflect on our journey at A.K.Tutorial, it fills me with immense pride and gratitude to see how far we've come since our humble beginnings in 2001. From just two students to the thriving community we are today, it's a testament to the dedication of our teachers, the support of our parents, and the hard work of our students.

At A.K.Tutorial, our primary goal has always been to foster a genuine interest in learning among our students and to instill in them a spirit of competitiveness. We firmly believe that when students truly understand what they're studying and are encouraged to think critically, they not only excel academically but also develop a lifelong love for learning.

Central to our mission is the unwavering commitment of our teachers to address every doubt that arises in the minds of our students. We understand that clarity is key to comprehension, and we strive to impart knowledge in the simplest, most accessible manner possible. By nurturing this curiosity and understanding, we aim to unlock the full potential of each student and showcase their unique talents and abilities.

Recognition and encouragement play pivotal roles in the journey of every student. Even the smallest achievement deserves celebration, as it fosters confidence and motivates students to strive for even greater success. We are deeply grateful for the support and encouragement we've received from all of you, and we look forward to your continued guidance as we pursue our dream of becoming a truly result-oriented institution.

As we look to the future, we remain committed to our vision of empowering students to reach new heights of academic excellence and personal growth. With your continued support and our collective determination, I am confident that we will continue to surpass expectations and fulfill our shared aspirations.

Thank you for entrusting us with the education and development of your children. We are honored to be part of their journey and will spare no effort in helping them achieve their dreams.

With warm regards,

Abhay Kumar Singh  
Director, A.K.Tutorial

One of the esteemed coaching institute in Patna, Bihar from 2001. We have delivered 100% results and more than thousand students have scored 90% results till now. Our teachers are dedicated and centered towards enhancing the overall development of students.

A.K. Science Tutorial stands as a distinguished coaching center catering to the ICSE and CBSE Boards, proudly rooted in Patna, Bihar since its inception in 2001. Specializing in classes for students from VIII to X, we provide comprehensive courses encompassing Physics, Chemistry, Biology, and Mathematics, augmented by intensive crash courses in Computer Science (Core Java) and Topography. Our unwavering dedication and fervor are evidenced by the exceptional achievements of our students, who consistently exhibit outstanding performance, validating our relentless commitment to their success.
